FATAL ELECTRIC CURRENT

Engineer Lewis Instantly Killed at Noon Yesterday.

HEAVILY CHARGED BELT SHIFT LEVER

Caused the Accident-Companion Tried to Rescue Him and Was Twice Knocked Down.

Mr. Sitns F. Lewis, aged 54 years, an engineer in the employ of the Citizens Electric Light and Power company, men Instant death yesterday morning. A cur rent of electricity carrying 500 volts passed through blm, reculting in instantaneous death. The accident occurred at 11:30 s.

Mr. W. B. Bryan, a popular traveling salesman with headquarters at Louisville, Ky. is a guest at the Rice hotel. Ky. is a guest at the Rice hotel. We help dynamo from which emanates the manufacture of chernelity discourse currents of chernelity discourse currents of chernelity discourse currents. mysterious currents of electricity distributed about the city in power and light. For some reason Mr. Lewis took hold of the dynamo lever used in rightening belts. Instantly a spasm of pain contracted his features and the body became rigid. Mr. Henry Balster, who was near Mr. Lewis, attempted to drag the stiffening body from the grasp which the hand still retained on the heavily charged lever. He was knocked down by the shock; again he made a gal-tant effect to drag his companion away from the deadly current that was sizzing 4ta way through the tlasses and muscle on coming in contact with the body of his companion, and it was not until the engine had been stepped by Engineer Smith that the body could be removed.

The body was removed to the late residence of deceased, 1912 Maple street, and the funeral will occur from that number at 16 o'clock Sunday morning, under the auspices of Texas lodge No. 1, Kinghia of Pythias, Intermat will be in the first of the street o Bulster was knocked down a second time
